

How to collect status information to activate the Quadoa Optical CAD Software License

STEP A: Creating Customer to Vendor File (*.C2V) for sending information to activate Quadoa software license

1. **Important:** The next steps have to be accomplished on the computer on which you would like to work with Quadoa Optical CAD. The Quadoa software license will be only valid for this computer (except for network licenses). Working with Quadoa on another computer will not be possible.
2. Open [Quadoa_License_Update_Utility_GRRZC.exe](#)

Image 1: [Quadoa_License_Update_Utility_GRRZC.exe](#)

3. Switch to **Collect Status Information**
4. Click **Installation of new protection key**
5. Click on **Collect Information**
6. Save the *.C2V -File and send it to Quadoa (info@quadoa.com)
7. Wait for the *.V2C -File which will be sent to you by Quadoa within some days. Afterwards continue with Step B on the next page

➔ **Continue on next page to activate software license**

STEP B: Importing Vendor to Customer File (*.V2C) to activate the Quadoa software license

1. **Important:** The next steps have to be accomplished on the computer on which you would like to work with Quadoa Optical CAD (the same computer as in STEP A). The Quadoa software license will be only valid for this computer. Working with Quadoa on another computer will not be possible (except for network licenses).
2. Open [Quadoa_License_Update_UTILITY_GRRZC.exe](#)

Image 3: Quadoa_Update_RUS_GRRZC.exe

3. Switch to **Apply License File**, to import the *.V2C -File
4. **Browse** to the ***.V2C -File** which you received from Quadoa and select it
5. Click on **Apply Update**, to activate the Quadoa software license on your computer
6. Your software license has been activated and you are ready to run Quadoa Optical CAD on the computer
